PROFILE

ABOUT US

WHO ARE WE

EON Elevators pvt ltd majorly operates in the southern part of India, expertising in elevator installation and services. Established by its highly dedicated professionals, who strive to provide installation, sales and service solutions under one roof. Plying in the field since 2012, the company is well equipped to handle variety of commercial and residential elevators.

WHAT DO WE STAND FOR

We aspire to create new comfort zone to all kind of customers.

We consider our customers are the very reason for the existence of our business and we wish to abide by the idea of customer centric approach.

OUR VISION

*"Healthy way of
business is the
way to Success"*

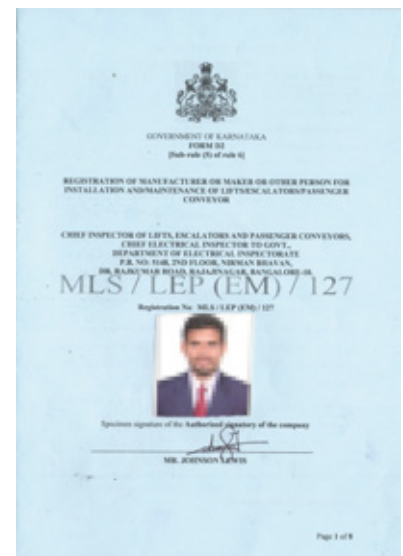

We want to be a part of The Golden Era in growing India with our contribution in the field of Elevators. We aspire to reach greater heights, hurdling across the impediments that could certainly appear on our path to success.

QUALITY AND CERTIFICATION

QUALITY

We believe that quality is not something to achieve but it is something to live with. Quality must be the core concern of a business as it ensures safety to our esteemed customers. We give utmost importance to quality and consider it as a duty to be fulfilled.

HYDRAULIC ELEVATOR

- Suitable for villas and internal lifts
- Easy installation
- Requires lesser space
- Comparatively lesser maintenance
- Lesser energy consumption
- Neither pit nor overhead required
- EON uses Italian Make GMV hydraulic unit
- EON is the authorised distributors of GMV Hydraulic units across south India

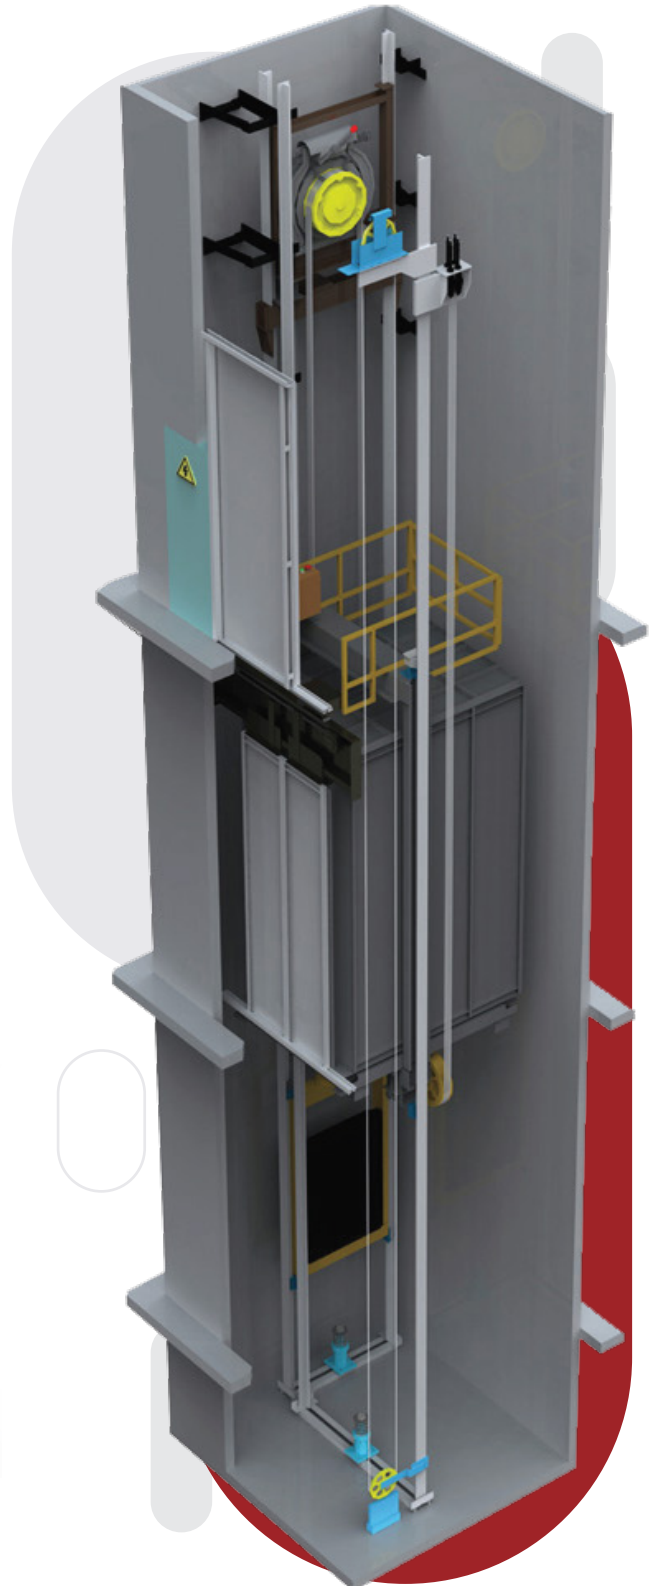

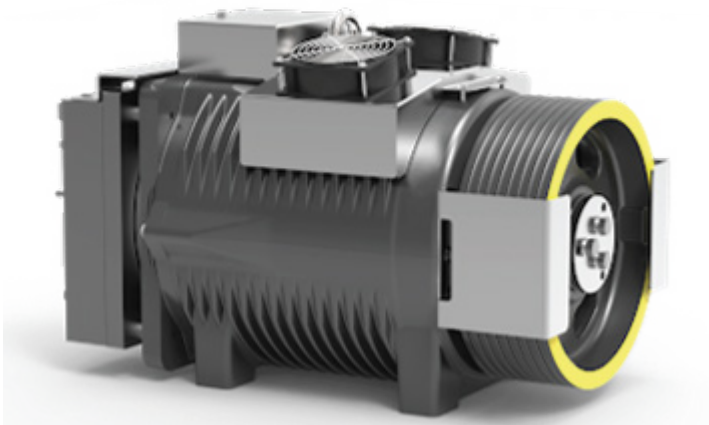

GMV POWER UNIT ITALIAN TECHNOLOGY

TRACTION GEARLESS MACHINE ROOM LESS ELEVATOR

- Doesn't require a dedicated machine room
- Excellent ride comfort
- Low noise level
- EON uses gearless Sicor motor
- Gearless motors consumes comparatively less power
- Suitable for mid rise and high rise buildings
- No floor limit
- Minimum overhead required
- EON provides speeds up to 2.5 m/s

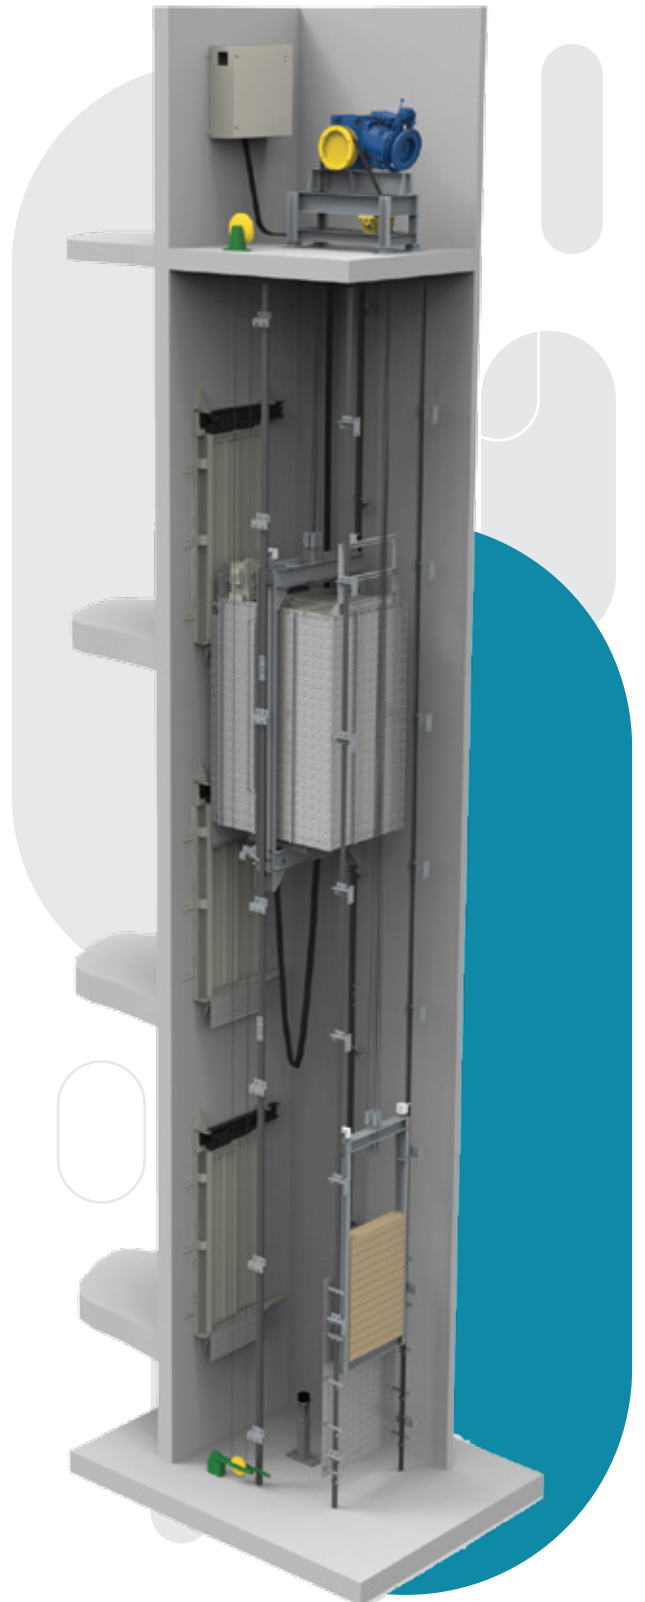

GEARLESS MOTOR ITALIAN TECHNOLOGY

TRACTION GEARED MACHINE ROOM ELEVATOR

- Requires a dedicated machine room
- Motor operated
- Lifted by ropes passing over the pulley
- Faster in operation
- Suitable for mid rise buildings
- Limited Floor travel
- Speeds up to 1.5 m/s
- EON uses Italian make geared Sicor motor

GEARED MOTOR ITALIAN TECHNOLOGY

TESTIMONIALS

Manoj Madhusudan

Global head,
Cognitive Technologies

“

I evaluated close to 20-22 companies including top tier companies. I Shortlisted EON looking at the energy that the dynamic team has to offer. very committed technical team that has provided me with a good technical throughout. Starting from sales to service, I am very pleased with the way team has handled the project. I have also recommended the product to a couple of my friends and family members who are also very happy with EON. I would confidently recommend EON to anyone wanting to install an elevator.

Thomas Abraham

Entrepreneur

“

At the time of buying a Villa , the first I was looking for a Good Home Lift. As we all know that any number of Elevator brand available in Bangalore top rated and many. But I was looking for an elevator which technology wise the best and the team headed by Mr.Johnson as MD of Eon .
Installation , Service , Response for any query is excellent. House owners need a partner and not vendor. I recommend Eon.

CLIENT

TESTIMONIALS

Faiz Mohammed

State Head
Qube Cinemas

EON Elevators is a fabulous combination of a genuine product with sincere customer support. Johnson and Nelson are like friends now, the guys behind the fantastic team. I highly recommend this brand!

K C Arvind Kumar

Customer Support TSE V
UKG software Pvt Ltd

Hard working team and innovative people who try to bring in innovations in design to meet customer's requirement and desire but keeping the quality and standards

Kishore

Managing Partner
Sona Enterprises

A very committed team that has delivered a top notch product. Very happy with the service support post installation as well. I would definitely recommend EON for any elevator requirements.

Congrats, **EON Elevators Pvt Ltd.** has a **4.8** star rating on Google
